Insurance Financial Responsibility Agreement

As a courtesy for those who have dental insurance, Mars Dental Specialists will submit the claim to your insurance company. Due to ever changing insurance coverage, it is **your** responsibility to check with your insurance carrier for participation and coverage.

We reserve the right to withhold further treatment for your child/children if there is a long outstanding balance.

I am aware that I am responsible for the entire fee for dental services provided by Mars Dental Specialists. I have also been informed that I am responsible for any changes rendered by a collections company should my account be turned over for collection.
